LARGE CROWD AT FREDERICK'S MEETING

Rex Theatre Had Many Admirers of Republican Candidate.

Captain John D. Fredericks, candidate for the nomination for governor on the Republican ticket spoke to a large crowd at the Rex theatre last Tuesday evening. The gathering to hear this able speaker was much larger than those which have greeted other speakers here during the past few weeks. Word from other sections of the state are to the effect that Fredericks receives large crowds wherever he goes. He is a very able speaker and clearly defined his platform and principles here Tuesday night. The following is a synopsis of the address by the Captain:

I am proud of the accomplishments of my party, of its principles, and of the many great men who have been affiliated with it. In a few weeks the various parties will select their candidates and declare their party principles, and, in the case of the Republican party we shall meet to discuss and crystallize our opinions, take stock of our party principles and determine whether progress demands any additions or substractions. We will meet the enemy; if we can find him after Aug. 25th, when we will discuss his principles, policy and history.

Progress in my judgment, in line of legislative enactment, is the enactment of those laws which will develope and encourage honor and honesty in the lives of men and women; which will promote and encourage better modes of life and fair dealing between men, giving to each a fair proportion of labor, responsibilities and benefits;

WELL KNOWN LADY ANSWERS SUMMONS

Mrs. Doris Lempke, for forty seven years a resident of Ukiah, died in Los Angeles on the 4th of August and was buried here last Sunday.

Mrs. Lempke was born in Kellinghuesen, Germany in 1839 and came to New York in 1862,she shortly after removed to San Francisco, married and settled in Ukiah Valley in 1867. Her husband, Peter Lempke, who died about ten years ago, was for many years a familiar figure at the court house, where he was employed up to a short time prior to his death. Their children who are all living are: Mrs. Hattie Milligan, Los Angeles, Hartwig Lammers, Mrs. Bertha Krainek, of New York, Mrs. Ida Liftchild, of Ukiah and Mrs. Emma Weller of South City. Mrs. Otto Sievers, of San Francisco, and Geo. Lammers of Mendocino are step children.

Mrs. Lempke was in poor health for some time prior to her death and went to Los Angeles last year where she resided with her daughter Mrs. George Milligan, it being hoped that the milder climate would be of benefit to her. Illness and the infirmities of old age finally told upon her vitality and she passed peacefully to rest in her seventy-fifth year.

She was buried from the residence of her daughter, Mrs. Judson Liftchild, the services being conducted by the Rev. Frederick Crook, of the Episcopal Church, all of her children on the coast being present.

Mrs. Lempke will be missed by this community which has known her for almost half a century. Of a singularily winning presence and a gentle, motherly disposition, she has endeared herself to a host of friends and her kindly acts and gentle, blameless life will keep her memory green in the hearts of those who knew and loved her.

James Holliday Carothers is able to to be around again after a severe attack of rheumatism.

The Picnic by Farmers' Club

Large Crowd at Clark's Grove—Many Visitors from Different Sections of the County in Attendance—Speaking and Dancing Greatly Enjoyed.

C. A. BERNHARD, SECRETARY OF THE CLUB AWAITING HIS TURN AT THE TRAPS.

CLAY PIGEON SHOOTING INDULGED IN BY ALL LOCAL CRACK SHOTS

On last Saturday one of the greatest events of the year took place, when more than two thousand people composed mostly of farmers, and their families, assembled in the beautiful Clark's Grove, two miles south of town, for the purpose of holding a regular old fashioned picnic and celebration.

The grove itself is one worth going to see, and could not be duplicated anywhere else. It stands out in the valley, surrounded by the richest of hop land. Its clumps of pepper trees, (laurel), which are distinguished for their great height without branches, are splendid. The tops of these trees spread out, forming a canopy, thru which the sun can only occasionally peep. The levelness of the grove's floor forms an ideal place for camping or picnicing. In the center of the grove is a well of good cool water, and in this well a pump has been placed, making a col refreshing drink, easily accessible.

The picnic or barbecue as it is called is given under the auspices of the Ukiah Farmers' Club. It was started four years ago, when the Farmers' Club was just organizing, at the time when there were but few members, and before the club had grown to be the strongest business, social and educational organization in the county. The idea from the beginning has been to get he farmers together for one day in the year, where they could eat and talk and enjoy themselves in such a way as to get better acquainted with their families, and entirely forget the cares of business, and so as to give them a wider outlook, and make them realize that there are some possibilities for pleasure and enjoyment, by the farming people.

Each year the barbecue is held in the later part of July, and early in the month committees are appointed by the president of the Club, for the purpose of raising funds, and the other conditions, which go to make a success out of a picnic. The expenses amounted in the neighborhood of $500, besides a great amount of labor and management of things, which is donated by the members of the club. Every farmer in th county, and strangers from any portion of the state are invited to come and help celebrate. Everything being free, and no questions asked as to a man's social or financial standing, yet what is expected, is good conduct at the picnic, with a pleasant word, and a welcome hand for the stranger.

In the east side of the grove, a pit is dug, about three feet wide, four feet deep, and forty feet long. The cooking of the meat has been each year, in the charge of Mr. Richie, who is perhaps the most expert barbecue cook in the county. Early in the evening the fires are kindled and kept roaring until about four cords of wood are consumed in this part alone. Next the meat, which has been cut in quarters or halves, is run through with pieces of steel then laid across the pit, each of which must be frequently turned for a period of 10 to 12 hours. Inside of the grove the speaker's stand was eerected, and decorated with the national colors, surrounding which stood many seats made of planks, and beside these 500 feet of tables were built. These tables were covered with paper and decorated with bunting. A committee of 20 women had supervision of the spreads, with instructions to

HOPPER'S CAR SHOWS EFFECT OF ACCIDENT

Henry Hopper and wife and Gene Berryhill and wife returned last Saturday evening from their trip to Oregon and which Hop claims was also close to a straight ticket to Heaven. Their accident occurred near Burnt River in the eastern part of Oregon when they was struck by a train, and only the presence of mind of Chaufleur Berryhill, probably saved the members of the party from fatal injury. Owing to a turn in the road the approaching train was not observed until directly upon them and when nearly across the track the train struck the rear of the machine and at the critical moment Berryhill steered the car so that the train did not strike the car full on, but landed with more of a glancing blow and thus saved the day.

As it was the machine was badly demolished in the rear and had to be sent to a garage in Portland by rail where it was under repair for several days. A wheel had to be sent from San Francisco to replace the broken one. Mr. Hopper states that the railroad company was very liberal on their behalf and will stand the expenses of the wreckage. Otherwise, from the acciden,t they report a very enjoyable trip and traveled in the neighborhod of 1800 miles by auto, and would have made four or five hundred better, but for their mishap, which necessitiated them making the journey from Burt River to Portland by rail.

BLIND PIGS FOUND IN LAKE COUNTY

The Lake County papers report that Sheriff Fraser has made a raid on the blind pigs in that county and as a result Witter Springs, Harbin Springs, Howard Springs, and a soft drink emporium at Middletown, will suffer bad effects. Some of the proprietors of these resorts are said to be old timers, and will in all probability suffer a heavy fine. Witter Springs is reported to have produced more intoxicants than medicinal water, and instead of "Witter water works wonders" "Whiskey works wondrous wrongs."

DEATH OF C. F. APFEL

C. F. Apfel, for many years a resident of this city and for some time in the employ of Grace Bros., here, passed away last Monday evening after a lingering illness. Deceased was 55 years of age and besides a wife, a son and daughter are left to mourn his demise, besides a large circle of sorrowing friends. The funeral was held from the family residence Wednesday afternoon.

DEATH OF MRS. N. C. ALLEN

Mrs. N. C. Allen, a former resident of Upperlake, but of late of this city, passed away Wednesday at the residence of Lon Pool. Deceased was 63 years of age. She is survived by two daughters who live in this city, Mrs. Lon Pool and Mrs. Sam Porter. The remains were taken to Upperlake Thursday for interment.

B. D. Van Nader and Ham Van Nader returned last Saturday from their trip to the Yosemite Valley. They report a fine trip and Bert says that you have to hand it to the "Green Beetle" for class and speed and that in many instances he was called to tow the Pierce-Arrows and other high priced machines up mountains where he would go on the high.

Maniac on Coach Wields a Knife

Passengers on Stage Coach Between Covelo and Longvale have Exciting time with Insane Man—Woman and Stage Horses Attacked.

Constable Morgan Whitcomb of Willits was down Tuesday and with him he brought M. McDonald to serve a 30 day sentence at the local bastile for drunkenness. Morgan also had in tow one Antone Olsen, who hails from Covelo who was held on an insanity charge. Olsen caused a great deal of excitement on the stage last Saturday while en route from the Round Valley section to Longvale when he drew a knife and started slashing at one of the lady passengers seated near him. He was overpowered by men passengers on the coach and his knife taken from him. After sitting very quietly for some time the maniac drew another knife from a different pocket and jumping from the stage started cutting the horses. He was again grappled with and after being subdued was tied hand and foot with a rope and finished the journey to Longvale where he was met by officers from Willits.

The school teacher question seems to hang heavily on Olsen's mind and he is in fear that they will do him harm. He was committed to the state hospital Wednesday by Judge White.

NEXT TUESDAY NIGHT

There will be initiation next Tuesday night at the I. O. O. F. hall when new members will seek admittance to Odd Fellowship. Every member and visiting members are requested to be present at 8 oclock. By order of the noble grand.

THE HOP SITUATION IN THIS VALLEY

In an interview with a prominent hop grower here this week by a Press representative we are informed that the local growers fear no labor troubles throughout this valley in the harvesting of their crops, although it is reported that the I. W. W. people have posted notices in different sections of the county that they will not allow the hops to be picked this season. It is also said that they have made threats of what they would do if work is started in the fields. Although the price has been raised a quarter of a cent over the usual price by one grower, it is stated that there was a "method in his madness" and this was done to cause more or less agitation on the part of the picking, and should the price be raised by the remainder of the growers to a cent and a quarter, in all likelihood another bost would be the result over the quarter raise.

In all probability this step is being taken in an effort to raise the price to such a figure that could not be paid and to knock out the hand pickers and put a few machines in this valley, which have proven a success in the Sacramento section. Those who are acquainted with the workings of these machines state that a couple of machines could harvest all the hops in this valley and that it could be done at a cost of 40 cents per hundred.

Mr. McGuire, who has been inspecting the sanitary conditions of the hop yards throughout this section for the past couple of weeks, reports that he is very much pleased with the prevailing conditions, and much more so than in various other parts of the state, which he has visited during the present summer. Local growers are willing to provide the best of accommodations for their help and any suggestion made to them by Mr. McGuire is receiving prompt attention.

Dr. McCowen reports the maximum temperature for the week as 102 on the 24th and the minimum 44 on the 27th and 28th.

The Candidates On The Move

A Few Notes Gleaned From the Workouts of the Candidates—Dope on those who we have met During the Past Week.

Hale McCowen, Jr., is on the coast this week meeting the voters and everywhere come reports of his strength. He is making a thorough campaign and many voters he has called upon inform him that they are for him and have been so ever since the announcement was made of him entering the race for the office of district attorney. He is met with like encouragement in every town visited and it is predicted that he will roll up the large majority that Hale Sr., has in the many times that the latter has been elected to the office of county clerk. Hale, Jr., would make a good official and one that his followers might well be proud of.

Sheriff Byrnes figured out a little extra time for himself Tuesday, so left for illits to meet a few of his old friends and talk over the question of re-election. The Sheriff knows about all of the voters in the county, but says that a few new residents have put in an appearance and that he wishes to meet them. Byrnes' race will be like several others in the county, only a dash, while some of the office seekers will be called on to repeat. Ralph used to graze turkeys and run foot races on the cost, so it should not take long for him to regain his old time form. If he enters at the same weight and and his speed has not been dulled which he had in the 1910 election, don't wait for the numbers to go up, but be first in line and cash your tickets.

Hale rather has been in Willits for the past week and will leave today for the coast section. Hale is determined to win and is making friends wherever he goes by his kind and courteous manner. Throughout Anderson valley from Ornbaun to Wendling, it is learned from good authority that it is nothing but Prather. It is likewise in nearly every section of the county and it is predicted that he will be elected to the office of county clerk pulling up and several lengths to spare.

Bob Blume, who hails from Fort Bragg and has a large following there, has been here for the past week and in the Sanel valley, in the interests of his election to the sheriff's office. Mr. Blume is putting up a good, clean talk and has nothing but words of praise for his opponent. Mr. Blume is entered under quite a handicap, but we have known of 100 to 1 shots beating a 3 to 5 choice.

Fred Warren of Point Arena was a visitor here this week in the interests of his campaign for the office of coroner and public administrator. Fred is making a thorough canvass of the county and is making friends and votes wherever he goes.

James R. Elder, candidate for county recorder, is out among the voters this week and intends to be in the thickest of the fray from now on until election.

Mr. Elder has been connected with office work in this county since boyhood and thouroughly understands the duties of the office for which he aspires. He is working hard to land the job and those who figure the dope

EIGHT HOUR LAW AND THE FARMERS

Farmers of southern California are a unit in the uprising against the "universal 8-hour law" which has been placed on the November election ballot by petition of the socialist party, and reports which have reached the headquarters of the farmers and fruit growers federation, 740 Consolidated Realty building, Los Angeles, indicate a tremendous majority of "No" votes from all the agricultural districts.

Editors of the interior press have taken up the fight "Proposition No. 3" and, reflecting the views of farmers, fruit growers and agriculturists generally, are "showing up" how ruinous and impractical the socialists' sweep-law is calculated by the agriculturalists is to be made.

In San Diego, the rich southernmost country which is almost ready to entertain the world with its world's fair, sentiment is overwhelmingly against the 8-hour law, which is looked upon as a menace to the prosperity of California.

R. C. Allen, prominent fruit raiser of Bonita, says:

"California will never vote such a law if the people understand it. The unlimitied statute as proposed simply would paralyze the State. It would kill agriculture, stop immigration and throttle prosperity. It cannot possibly pass."

Agriculturalists from the various parts of San Diego echo sentiments.

The San Diego Evening Tribune in its leading editorial last recently called the "Universal 8-Hour Law" the "Universal Injury Law," the editor giving many reasons why California should defeat it overwhelmingly. The editorial says:

"There is one measure on the November ballot that shoul be defeated overwhelmingly."

"This is the so-called "universal eight-hour law."

"It is not only wrong in principal but it is impracticable and wholly uneconomic.

"Proposed ostensibly for the betterment of the condition of the laboring man in the orchards and fields where it is impossible to procure the benefits of labor union organization, its operation would react upon the farming interests of the state out of which thousands of laborers obtain tehir subsistence.

"Farm laborers themselves, knowing the impracticability of regulating the hours of their labor under the peculiar conditions of climate and seasonal production, are opposing the measure.

"The bulk of sentiment favorable to the law is in the cities where a restricted term of daily labor may be enforced because delay in the accomplishment of the day's work is only costly to the employer in the item of increased wages for a minimum service.

"On the farm, however, it is quite different; at certain seasons it is necessary to rush the task of harvesting to avoid loss by sudden or unexpected inclemency of the weather, fortuitous circumstances of early ripening, and the imperative need of concentrating every effort by all hands to preserve the crop.

"On many farms it would be impossible to do the work actually necessary in eight hours of a day's work, even if the supply of hands to do it were unlimited; and every orchardist and farmer knows the difficulty of procuring competent labor to do the work as it is.

"It is not likely that the law would be generally observed even if it should be adopted.

"There would be persistent conspiracy of employer and employed to evade or utterly disregard the provisions of the statute.

"If, by rigid and constant enforcement, the farmers and orchardists should be compelled to obey the law, the result would probably be co-operation of employers and employed in a partnership arrangement based on a wage income for the laborers, which would merely a subterfuge to escape the consequences of the law, or eventually the farms and orchards of the state would pass into the hands of Chinese or Japanese, whose genius for co-operative industry is superior to the operation of any laws the white man can make or enforce.

"The proposed law is incited by a mistaken notion concerning the limitations of natural production in California; and those who have proposed the law or who are advocating its adoption are probably entirely ignorant of the effect which it is certain to produce, especially upon those in whose interests it is claimed that the statute is offered.

"If the farming and orchard industries pass largely into the hands of Chinese and Japanese, under leases and partnership arrangements by the owners of the farms and orchards, there will be greatly less income from this source for the workingmen of California; thousands of them will be driven to the cities there to compete with the union laborers in every branch of trade and industry, thereby lessening the opportunity now enjoyed by those laborers, and glutting the market to a point where actual privation will ensue.

"It is a bad law however we look at it—from the standpoint of the laborer or the standpoint of the employer exploiting the productive resources of the state.

If adopted and enforced the universal eight-hour law will reduce the wealth of the state many millions of dollars annually.

"Therefore it is better that it should be defeated.

"When the men that labor on the farms want an eight-hour law they will ask for it.

"It is at present certain that they do not want it."

OF INTEREST TO FRUIT GROWERS

Investigation confirms the report that there is likely to be a considerable percentage of "split" or "cracked" prunes this season in some localities and the Dried Fruit Association of California desires to at this time caution its members against accepting deliveries from growers containing this character of fruit.

Inspectors will not pass shipments containing any appreciable number of split prunes, which are well known to lack keeping quality owing to their liability to mould.

This informaiton should be passed on to the packing houses now, informing them also that as this defective fruit will, in all probability, be the first to drop from the trees, it will not be difficult matter to eliminate it from the rest of their crop but that if this is not done and done promptly rejection may be expected.

COURT DECISION AND SCHOOL MONEYS

KINGSBURY SUSTAINED IN CASE BROUGHT TO SECURE 270,000 ACRES OF PUBLIC LAND. WILL BE SOLD AT PUBLIC AUCTION.

From Sacramento Union

Two million dollars, perhaps $2,500-000, have been saved the state schools through a decision handed down this week in San Francisco by the court of appeals sustaining the contention of Surveyor-General W. S. Kingsbury in the lien land suit brought by Fred W. Lake, affecting 500 claimants and 270,-000 acres of California lands. These will be sold at public auction and the proceeds will go to the schools of California. The last lands auctioned brought $10.30 per acre less the $1.25 due the government.

This case has been in the courts of the state since 1909, when Attorney-General U. S. Webb and Kingsbury secured the passage of the Thompson lien land law which made it possible to throw such lands back on the market that they might revert to the benefit of the schools.

Lake Begins Action

Under an act of Congress the United States government granted to the state of California every sixteenth and thirty-sixth sections of each township within the state, to be sold for the benefit of the public schools. Thousands of acres included in the sections mentioned had been previously sold included in forest reserve or otherwise disposed of by the United States and in such cases the state was given the privilege of selecting any piece of government land in lien thereof. The land offered to the government was known as "base".

In 1908 Lake caused to be filed with the surveyor-general applications covering approximately 70,000 acres of base land in national forest reserves and then introduced a bill in the legislature authorizing the surveyor-general to offer the 70,000 acres to the United States government in exchange for other lands. Kingsbury and Webb caused the defeat of this bill and then secured the passage of the Thompson law which offered these lands at public auction, instead of selling them to the so-called "land-sharks" for $1.25 an acre as had been previously done.

Before the Thompson bill became law Lake presented to the surveyor-general applications covering some 200,000 additional acres of the same class of land. Surveyor-General Kingsbury refused to file these applications, and later secured the passage of another bill authorizing him to cancel the applications on the first 70,000 acres, which had been filed but not approved in his office.

Lake then carried a protest to Washington, and advised the department of the interior clients of his claimed in place the lands for which he had present applications.

The commissioner of the general land office advised the secretary of the interior to disregard Lake's claims. Lake began suit in the superior court of San Francisco to compel Kingsbury to approve the applications for the 70,-000 acres and to file the applications for the 200,000 acres.

Lake Tried to Raise Money

While the suit was pending in the lower court Lake, through an agent caused notices to be sent to the different lieu land applicants in which he said in part, "To settle the Lake protest will cost you about $2.50 an acre and this money you will have to pay Mr. Lake at once."

Kingsbury, upon being advised of this notice, advised the lieu land applicants for the land that the state was fighting the case for them, and that there was no necessity for them to pay Lake the amount stated in his circular.

The appellate court has now sustained the decision of the lower court against Lake, thus clearing the title on the 270,000 acres of land, and permitting its sale at auction under the Thompson act.

FORMER RESIDENT IN NEVADA

J. A. Antrim, a former resident of Point Arena, but now of Lovelock, Nevada, writes, that he is doing fine in the sage brush state and wishes to be remembered to his many friends throughout this county. Joe states that politics are not as warm in Nevada as they generally are in Mendocino county, but the democrats say "enough is enough" and they will never be bothered with a second term of office for Wilson. He also says that reports there are to the effect that poor old W. J. Bryan is going to seek seclusion in the unsettled territory of Mexico and lecture to the cactus.

THEODORE HALE

Candidate for Superior Judge of Men docino County, endorsed by the Republican, Progressive and Independent Voters.

FORMER RESIDENT IS ACCIDENTALLY KILLED

W. W. Rowell, a resident of Rickreall, Oregon, died at his home in that town from injuries received in an accident that occured several days ago when a team he was driving became unruly and backed over an embankment near that place. Mr. Rowell was picked up unconscious and remained so until his death. The funeral was held Monday, services being conducted by the Elks Lodge of Albany, of which he was a prominent member. The burial will take place in Albany the former home of the deceased. Deceased was the husband of Mary Harter, also a former resident of this city.

HUNTED WITHOUT LICENSE

Frank Kocher and Howard Joshlin of Redwood valley were arrested this week by game warden Miller for hunting without a license. The gentlemen were in pursuit of game in the vicinity of Reeves canyon when accosted by Mr. Miller and asked to produce their license. Their hearing will come up in the near future.

BIG MUSICAL COMEDY CO. COMING TO VICTORY

Lord & Meek and their big company of 15 people will open a weeks engagment commencing Aug. 9th at the Victory theatre. Lord & Meek are not novices in the Theatrical field, they have played over this entire globe and come direct from San Francisco to this city after having played a three months engagment at the Lyceum Theatre. Such companies as these should be well patronized, as it is a rare thing for them to come to a city of this size.

AFTER SPEEDER

Marshal Brewer with his stop watch and eagle eye got the dope on L. C. Pedlar an Overland auto agent of San Francisco, this morning for burning up the strets at a 35 mile clip. Brewsays that the guy was going so fast that he could not stop him and telephoned to the officers at Hopland to pick him up—but again the speeder beat the phone. At the latest reports Pedlar was still going but the Marshal says that he will stop him along the line some place as the machine will have to stop for gasoline.

J. A. JAMISON, SR. DIES SUDDENLY

J. A. Jamison, sr., one of the old time residents of Ukiah, dropped dead very suddenly last night at 7:30 at his residence here. Mr. Jamison had been feeling in the best of health all day and returned from his garden work and after entering the house fell dead upon the floor.

Deceased was born in Arkansas February 15, 1831, where he received his education and resided until 1849, when he crossed the plains by the southern route to California, arriving at San Francisco, November 20th, of the same year. In the following March he went to Tuolumne county, where he followed mining until the fall of 1851, when he went to San Joaquin county, where he followed teaming for four years. He then went to Mariposa County, where he bought a dairy which he conducted for two years. He then sold that and bought a farm in Tuolumne county, where he followed farming until 1858. He then came to Mendocino county and settled in Anderson valley. In the fall of 1859 he went to Healdsburg, Sonoma county, where he spent the winter, and in the spring started for Washoe, but at Sacramento his team was stolen, and he changed his mind and went to Tuolumne county, where he remained until thet spring of 1864, when he returned again to this county and settled in Redwood Valley, until 1866, when he setled in Ukiah where he has since resided. In 1866, he was elected assessor of Mendocino county and held the office four years. He has also held the offices of Marshal and Constable of the city of Ukiah. Mr. Jamison married, March 20, 1853, Miss Masse Sheperd, a native of the state of Illinois. By this union they had seven children five of whom are still living.

The funeral is to be held from the South Methodist church Sunday at 11 o'clock in the morning.

NOTICE TO VOTERS.

NOTICE IS HEREBY GIVEN TO THE ELECTORS OF THE STATE OF CALIFORNIA THAT THE FOLLOWING ACTS AND INITIATIVE MEASURES WILL BE SUBMITTED TO THE PEOPLE OF THE STATE OF CALIFORNIA FOR THEIR RATIFICATION AT THE NEXT GENERAL ELECTION, TO BE HOLDEN ON THE THIRD DAY OF NOVEMBER, A. D. 1914:

SACRAMENTO STATE BUILDING BONDS.

An act to provide for the issuance and sale of state bonds to be known as "state building bonds," to provide a fund for the erection and equipment of state buildings in the city of Sacramento for state purposes, creating a commission to determine the amount to be expended for furnishing and equipping said buildings and accepting a suitable site, creating a sinking and interest fund for the payment of interest on said bonds and the redemption of the same, making an appropriation therefor, making an appropriation of five thousand dollars for the expenses of printing and lithographing said bonds and providing for the submission of this act to a vote of the people.

The people of the State of California do enact as follows:

SECTION 1. For the purpose of creating and providing a fund for the indebtedness hereby authorized to be incurred, as hereinafter provided, the state treasurer shall immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare six thousand suitable bonds of the State of California, in the denomination of five hundred dollars each. The whole issue of said bonds shall not exceed the sum of three million dollars, and said bonds shall bear interest at the rate of four per centum per annum from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of fifty years from their date. Said bonds shall bear date the second day of July, 1915, and shall be payable on the second day of July, 1965. The interest accruing on such of said bonds as are sold shall be due and payable at the office of the state treasurer on the second day of January and on the second day of July of each year after the sale of the same. At the expiration of fifty years from the date of said bonds all bonds sold shall cease to bear interest, and the state treasurer shall call in, forwith pay and cancel the same out of the moneys in the sinking and interest fund provided for in this act. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and the said bonds shall be so signed, countersigned, and endorsed by the officers who are in office on the second day of July, 1915, and each of said bonds shall have the seal of the state impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided when sold shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person signing, countersigning and endorsing, or any or either of them, shall have ceased to be the incumbents of such office or offices.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said bonds shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1915. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

SEC. 3. The sum of five thousand dollars is hereby appropriated out of any moneys in the state treasury not otherwise appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be sold by the state treasurer at public auction to the highest bidder for cash in such parcels and numbers as shall be directed by the governor of the state; but the state treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date and he may, by public announcement, at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. When a sale is continued, as hereinabove provided, no notice need be given other than the public announcement of the continuance, as hereinabove provided. Before offering any of said bonds for sale, the said treasurer shall detach therefrom all coupons which have matured before the date fixed for such sale. Due notice of the time and place for sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. In addition to the notice last above provided for the state treasurer must give such further notice as he may deem advisable, but the expenses and costs of such additional notice shall not exceed five hundred dollars for each sale so advertised. The costs of such publications shall be paid out of any moneys in the state treasury not otherwise appropriated on controller's warrants duly drawn for such purpose. The proceeds of the sale of such bonds, except such amount as may have been paid as accrued interest thereon, shall be forwith paid over by said treasurer into the state treasury, and must be by him kept in a separate fund, to be known and designated as the "state building fund" which fund is hereby established. Any and all sums which may have been paid as accrued interest shall be forwith paid over by said treasurer into the state treasury, and must be by him kept in a separate fund to be known and designated as the "state building sinking and interest fund," which fund is hereby established.

SEC. 5. Any and all moneys derived from the sale of the bonds provided for in this act are hereby appropriated and shall be used exclusively for the following purpose to wit:

The constructing and equipping of state buildings in the city of Sacramento, State of California, for the various officers, boards and commissions of the state, at a cost not to exceed the total sum of three million dollars, such portion of said sum of three million dollars to be used for the furnishing and equipping of said state buildings as may be determined by a board consisting of the governor, the presiding justice of the supreme court, and the state librarian, which board for such purpose is hereby created; provided, however, that no moneys provided for by this act shall be used for such purpose until a site suitable for such purpose, and acceptable to the state board last above created, shall be donated or given to the state, the title thereto to be free and clear of all liens and encumbrances; the number of buildings and their location on the lands to be donated shall be determined by said board in this subdivision of this section mentioned; the plans and specifications for said buildings, and each of the same, shall be prepared under the direction and control of said board in this subdivision of this section provided.

SEC. 6. There is hereby appropriated out of any moneys in the state treasury not otherwise appropriated, the sum of fifty thousand (50,000) dollars annually, to pay the principal of the bonds issued and sold pursuant to the provisions of this act. Said annual appropriation to continue until the same, together with the accrued interest on the investment thereof, shall be sufficient to pay the principal of said bonds at the maturity thereof.

There is also hereby appropriated from any moneys in the state treasurey not otherwise appropriated such sum annually as will be necessary to pay the interest on the bonds issued and sold pursuant to the provisions of this act.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the other revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum.

On the 2d day of January and on the 2d day of July of each year, after the sale of any bonds as herein provided for, the state treasurer and state controller shall transfer from the moneys hereby appropriated to the state buildings sinking and interest fund, a sufficient sum of money to pay all interest due and payable on any bonds sold and said transfer shall continue to be so made up to the date of maturity of such bonds and it shall be the duty of the state treasurer to pay the same when the same falls due. On the first Monday in July of each year, after the sale of any of the bonds as in this act provided the state controller and state treasurer are hereby authorized and directed to transfer the moneys hereby appropriated for the payment of the principal of said bonds to the said state buildings sinking and interest fund. The moneys so transferred to the said state buildings sinking and interest fund for the payment of the principal of said bonds, shall be invested from time to time by the state treasurer in United States or state bonds. All interest payable on such bonds so invested shall be paid into the said state buildings sinking and interest fund and be applied and held for the payment of the principal of said bonds or reinvested in other bonds for the payment of such principal, as herein provided.

The principal of all of said bonds sold shall be paid at the time the same becomes due, from the "state buildings sinking and interest fund" and the interest on all bonds sold shall be paid at the time said interest becomes due from said fund and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon.

The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. When the bonds provided for by this act are redeemed, the state treasurer shall mark the same cancelled, and shall, in the presence of the governor destroy the same by burning the said bonds.

SEC. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1914, as to all its provisions excepting those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall go into effect ninety days after the final adjournment of the session of the legislature passing the same.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, nineteen hundred and fourteen, and all ballots at said election shall have printed thereon the words "For the state's buildings bonds" and such other designation as may be necessary to properly identify this act. In a square immediately below the square containing said words there shall be printed on said ballot the words "Against the state buildings bonds." Opposite the words "For the state buildings bonds" and "Against the state buildings bonds," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against this act, and those voting for said act shall do so by placing a cross opposite the words "For the state buildings bonds" and those voting against said act shall do so by placing a cross opposite the words "Against the state buildings bonds." The governor of this state shall include the submission of this act to the people as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rule as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if the majority of the votes cast aforesaid are against this act then the same shall be and become void.

SAN FRANCISCO STATE BUILDING ACT.

An act to provide for the issuance and sale of state bonds to create a fund for the construction, erection, equipment, completion and furnishing of a state building or buildings upon a lot of land in the city and county of San Francisco, to be used by the officers and departments of the state which are located in said city and county of San Francisco, which lot of land has been secured from the city and county of San Francisco in exchange for the lot heretofore purchased by the state for said purposes; and to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; and making an appropriation of one thousand dollars for the printing and sale of said bonds; and providing for the submission of this act to the vote of the people.

The People of the State of California do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the commission for the construction, erection, equipment, completion and furnishing of a state building or buildings in the city and county of San Francisco as provided in an act entitled "An act to provide for the construction, erection, equipment and furnishing of a building or buildings in the city and county of San Francisco and for the improvement of the grounds thereof for the use and occupancy of the officers and departments of the state government of the State of California located in said city and county of San Francisco, and repealing other acts in conflict herewith," the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare one thousand suitable bonds of the State of California in the denomination of one thousand dollars each, to be numbered from one to one thousand, inclusive, and to bear the date of the second day of July, 1915; the whole issue of said bonds shall not exceed the sum of one million dollars and the said bonds shall bear interest at the rate of four per cent per annum from the time of the issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value and they shall be payable at the office of the state treasurer at the times and in the manner following, to wit: The first twenty of said bonds shall be due and payable on the second day of July, 1916, and twenty of said bonds, in consecutive numerical order, shall be due and payable on the second day of July in each and every year thereafter until and including the second day of July, 1965. The interest accruing on such of said bonds as are sold shall be due and payable at the office of the state treasurer on the second day of January and on the second day of July of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, 1916, on so many of said bonds as may have been theretofore sold. The state treasurer shall, on the second day of July, A. D. 1965, call in, cancel and destroy all bonds not theretofore sold and issued at the date of the maturity thereof. All bonds issued shall be signed by the governor and countersigned by the state controller and shall be endorsed by the state treasurer and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, 1915, and each shall have the seal of the State of California stamped thereon. The said bonds so signed, countersigned, endorsed and sealed, as herein provided for, when sold, shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the persons so signing, countersigning or endorsing, or any of them, shall cease to be the incumbents of said office or offices.

SEC. 2. Interest coupons shall be attached to each of said bonds so that such coupons may be detached without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds, and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expenses that may be incurred by the state treasurer in the printing and sale of said bonds. Said amount shall be paid out of the general fund on the state controller's warrants duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be sold by the state treasurer at public auction to the highest bidder for cash, in such parcels and numbers as such state treasurer shall determine; but said treasurer must reject any and all bids for said bonds or for any of them, which shall be below the par value of said bonds so offered for sale, and he may by public announcement at the place and time fixed for the sale, for good and sufficient cause, continue such sale as to the whole of the bonds offered or any part thereof offered, to such time and place as he may select, not exceeding, however, sixty days. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The cost of such publication shall be paid out of the general fund of the state on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury and must be by him kept in a separate fund to be known and designated as the "San Francisco state building fund" and must be used exclusively for the construction, erection, equipment, completion and furnishing of state building or buildings in the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn and paid for other state work under the control of the said department of engineering.

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco state building sinking fund" shall be and the same is hereby created as follows: The state treasurer shall, on the second day of January and on the second day of July, commencing on the second day of January, 1916, and thereafter on the second day of July and the second day of January of each and every year thereafter in which a portion of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state treasury to the said "San Francisco state building sinking fund" such an amount of the moneys appropriated by this act as may be required to pay the principal and interest of the bonds so becoming due and payable in such years. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds, issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable. There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

SEC. 6. The principal on all of said bonds sold shall be paid at the time the same becomes due from the said San Francisco state building sinking fund and the interest on all bonds sold shall be paid at the time said interest becomes due from said sinking fund. Both principal and interest shall be so paid upon warrants duly drawn by the controller of the state upon demands audited by the state board of control and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon.

SEC. 7. The state controller and the state treasurer shall keep full and particular account and record of all of their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committe of both, or any citizen of the state.

SEC. 8. This act, if adopted by the people, shall take effect on the first day of December, 1914, as to all its provisions, excepting those relating to and necessary for its submission to the people and for the returning, canvassing and proclaiming the votes, and as to the said excepted provisions, this act shall take effect ninety days after the final adjournment of this session of the legislature.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, A. D. 1914, and all ballots at said election shall have printed thereon the words "For the San Francisco state building act" and in the same square, under said words, the following in brevier type: "This act provides for the issuance and sale of state bonds to create a fund for the construction, erection, equipment, completion and furnishing of a state building or buildings upon a lot of land in the city and county of San Francisco, to be used by the officers and departments of the state which are located in said city and county of San Francisco." In the square immediately below the square containing said words there shall be printed on said ballot the words "Against the San Francisco state building act" and immediately below said words "Against the San Francisco state building act," in brevier type, shall be printed "This act provides for the issuance and sale of state bonds to create a fund for the construction, erection, equipment, completion and furnishing of a state building or buildings upon a lot of land in the city and county of San Francisco, to be used by the officers and departments of the state which are located in said city and county of San Francisco." Opposite the words "For the San Francisco state building act" and "Against the San Francisco state building act" there shall be left spaces in which the voters may stamp a cross indicating whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco state building act," and those voting against said act shall do so by placing a cross opposite the words "Against the San Francisco state building act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The vote cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election, as aforesaid, then the same shall have effect as hereinabove provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast, as aforesaid, are against this act, then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and fourteen; the costs of publication shall be paid out of the general fund, on controller's warrants, duly drawn for that purpose.

SEC. 12. This act shall be known and cited as the "San Francisco state building act."

SEC. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

STATE FAIR GROUNDS BONDS.

An act to provide for the issuance and sale of state bonds to be known as "state fair grounds bonds," to provide a fund for the acquirement of additional land for the enlargement and extension of the state fair grounds in the city of Sacramento, the erection of additions to buildings now existing on said grounds, the erection of new buildings thereon, the equipping of said buildings and the general improvement and beautification of said state fair grounds as a complete plant for the exhibition and exploitation of the resources and products of the state; appropriating the proceeds thereof for said purposes and providing for the manner in which the same shall be expended; creating a sinking and interest fund for the payment of interest on said bonds and the redemption thereof, making an appropriation therefor and providing for the collection of revenue for such purposes; making an appropriation for the expense of preparing such bonds and providing for the submission of this act to a vote of the people.

The people of the state of California do enact as follows:

SECTION 1. For the purpose of creating and providing a fund for the indebtedness hereby authorized to be incurred, as hereinafter provided, the state treasurer shall immediately after the issuance of the proclamation of the governor, provided for in section ten hereof prepare one thousand five hundred suitable bonds of the State of California, in the denomination of five hundred dollars each. The whole issue of said bonds shall not exceed the sum of seven hundred and fifty thousand dollars, and said bonds shall bear interest at the rate of four per centum per annum from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of fifty years from their date. Said bonds shall bear date the second day of July, 1915, and shall be payable on the second day of July, 1965. The interest accruing on such of said bonds as are sold shall be due and payable at the office of the state treasurer on the second day of January and on the second day of July of each year after the sale of the same. At the expiration of fifty years from the date of said bonds all bonds sold shall cease to bear interest and the state treasurer shall call in, forwith pay and cancel the same out of the moneys in the sinking and interest fund provided for in this act. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and the said bonds shall be so signed, countersigned, and endorsed by the officers who are in office on the second day of July, 1915, and each of said bonds shall have the seal of the state impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided when sold shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person signing, countersigning and endorsing, or any or either of them, shall have ceased to be the incumbents of such office or offices.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said bonds shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1915. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

SEC. 3. The sum of two thousand five hundred dollars, or so much thereof as may be necessary, is hereby appropriated out of any moneys in the state treasury not otherwise appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be sold by the state treasurer at public auction to the highest bidder for cash in such parcels and numbers as shall be directed by the governor of the state; but the state treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date and he may, by public announcement, at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. When a sale is continued, as hereinabove provided, no notice need be given other than the public announcement of the continuance, as hereinabove provided. Before offering any of said bonds for sale, the said treasurer shall detach therefrom all coupons which have matured before the date fixed for such sale. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. In addition to the notice last above provided for the state treasurer must give such further notice as he may deem advisable, but the expenses and costs of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The costs of such publications shall be paid out of any moneys in the state treasury not otherwise appropriated on controller's warrants duly drawn for such purpose. The proceeds of the sale of such bonds, except such amount as may have been paid as accrued interest thereon, shall be forthwith paid over by said treasurer into the state treasury, and must be by him kept in a separate fund, to be known and designated as the "state fair grounds fund" which fund is hereby established. Any and all sums which may have been paid as accrued interest shall be forthwith paid over by said treasurer into the state treasury, and must be by him kept in a separate fund to be known and designated as the "state fair grounds sinking and interest fund," which fund is hereby established.

SEC. 5. Any and all moneys derived from the sale of the bonds provided for in this act, are hereby appropriated and shall be used exclusively for the following purpose, to wit: For the acquiring of additional land for the enlargement and extension of the state fair ground in the city of Sacramento, the erection of additions to buildings now existing on said grounds, the erection of new buildings on said grounds, the equipping of said buildings and the general improvement and beautification of said state fair grounds as a complete plant for he exhibition and exploitation of the resources and products of this state. The funds herein appropriated shall be expended under the direction and control of the state board of agriculture; provided, that the plans and specifications for the erections of additions to existing buildings and for the erection of new buildings and for the improvement and beautification of said state fair grounds shall be prepared by the state department of engineering subject to the approval of the state board of agriculture, and all work at said state fair grounds to be paid for from the funds created by this act shall be carried out in accordance with the general law governing the construction and prosecution of all public work for the State of California.

SEC. 6. There is hereby appropriated out of any moneys in the state treasury not otherwise appropriated, the sum of twelve thousand five hundred dollars annually, to pay the principal of the bonds issued and sold pursuant to the provisions of this act. Said annual appropriation to continue until the same together with the accrued interest on the investment thereof, shall be sufficient to pay the principal of said bonds at the maturity thereof. There is also hereby appropriated out of any moneys in the state treasury not otherwise appropriated, such sum annually as will be necessary to pay the interest on the bonds issued and sold pursuant to the provisions of this act. There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the other revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum. On the 2d day of January and on the 2d day of July of each year, after the sale of any bonds as herein provided for, the state treasurer and state controller shall transfer from the moneys hereby appropriated to the state fair grounds sinking and interest fund, a sufficient sum of money to pay all interest due and payable on any bonds sold, and said transfer shall continue to be so made up to the date of maturity of such bonds and it shall be the duty of the state treasury to pay the same when the same shall fall due. On the first Monday in July of each year, after the sale of any of the bonds as in this act provided, the state controller and the state treasurer are hereby authorized and directed to transfer the moneys hereby appropriated for the payment of the principal of said bonds to the said state fair grounds sinking and interest fund. The moneys so transferred to the said state fair grounds sinking and interest fund for the payment of the principal of said bonds, shall be invested from time to time by the state treasurer in United States, state, county, city and county, municipal or school district bonds issued in the State of California, and such other bonds as are now or may hereafter be authorized by law. All interest payable on such bonds so invested shall be paid into the said state fair grounds sinking and interest fund and be applied and held for the payment of the principal of said bonds or reinvested in other bonds for the payment of such principal, as herein provided. The principal of all said bonds sold shall be paid at the time the same becomes due, from the state fair grounds sinking and interest fund and the interest on all bonds sold shall be paid at the time said interest becomes due from said fund and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. When the bonds provided for this act are redeemed, the state treasurer shall mark the same cancelled, and shall, in the presence of the governor, destroy the same by burning the said bonds.

SEC. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1914, as to all its provisions excepting those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall go into effect ninety days after the final adjournment of the session of the legislature passing the same.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, nineteen hundred and fourteen, and all ballots at said election shall have printed thereon the words "For the state fair grounds bonds" and such other designation as may be necessary to properly identify this act. In a square immediately below the square containing said words there shall be printed on said ballot the words "Against the state fair grounds bonds." Opposite the words "For the state fair grounds bonds" and "Against the state fair grounds bonds," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against this act, and those voting for said act shall do so by placing a cross opposite the words "For the state fair grounds bonds" and those voting against said act shall do so by placing a cross opposite the words "Against the state fair grounds bonds." The governor of this state shall include the submission of this act to the people as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rule as votes cast for state officers; and if it appears that said act shall have received a majority of all of the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if the majority of the votes cast aforesaid are against this act then the same shall be and become void.

SAN FRANCISCO HARBOR IMPROVEMENT ACT OF 1913.

An act to provide for the issuance and sale of state bonds to create a fund for the improvement of San Francisco Harbor by the construction by the Board of State Harbor Commissioners of wharves, piers, state railroad, spurs, betterments, and appurtenances, and necessary dredging and filling in connection therewith in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; to define the duties of state officers in relation thereto; to make an appropriation of five thousand dollars for the expense of printing said bonds; and to provide for the submission of this act to a vote of the people.

The People of the State of California do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco, at a cost not to exceed ten million dollars (which said wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith the board of state harbor commissioners are hereby empowered to construct and do in the manner authorized by law, and at a cost not to exceed ten million dollars)' the state treasurer shall, immediately after the issuance of, the proclamation of the governor, provided for in section ten, hereof, prepare ten thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of ten million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at such place in the United States as may be designated in the bonds (full authority to designate such place being hereby conferred on the governor who shall sign said bonds), at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of July, A. D. nineteen hundred and fifteen, and shall be made payable on the second day of July, nineteen hundred and eighty-nine. The interest accruing on such of said bonds as are sold, shall be due and payable at the place designated in said bonds as aforesaid, on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of July, nineteen hundred and sixteen, on so many of said bonds as may have been theretofore sold. At the expiration seventy-four years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forwith pay and cancel the same, out of the moneys in the third San Francisco seawall sinking fund provided for in this act, and, he shall on the first Monday of July, nineteen hundred and eighty-nine, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, 1915, and each of said bonds shall have the seal of the state stamped thereon. The said bonds signed, countersigned and endorsed and sealed as herein provided when sold shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person signing, countersigning and endorsing, or any or either of them, shall have ceased to be the incumbent of such office or offices. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and fifty-four.

SEC. 2. Interest coupons shall be attached to each of said bonds so that such coupons may be removed without injury to, or mutilation of the bond. Said coupons shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1915. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been by the purchaser of said bond, paid to the state at the time of such sale.

SEC. 3. The sum of five thousand dollars is hereby appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners, and approved by either the governor of the state or mayor of the city and county of San Francisco, who shall only approve the same when in their judgment the actual harbor receipts, and those reasonably anticipated, will justify such sale of bonds and the consequent increased burden on harbor receipts; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof, offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The cost of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for the purpose. The proceeds of the sale of such bonds except such amount as may have been paid as accrued interest thereon shall be forwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "third San Francisco seawall fund" and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund. The amount that shall have been paid at the sale of said bonds as accrued interest on the bonds sold shall be, by the state treasurer, immediately after such sale, paid into the treasury of the state and placed in the "third San Francisco seawall sinking fund."

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "third San Francisco seawall sinking fund," shall be, and the same is hereby created, as follows, to wit: The state treasurer, after the second day of July, nineteen hundred and thirty-three, shall on the first day of each and every month thereafter, after the sale of such bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time in months, the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the third San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of the bonds of the United States, or of the State of California, including any bonds authorized, issued and theretofore sold under authority of this act or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. The state treasurer may only purchase such bonds authorized and issued under authority of this act with moneys in said sinking fund as have been theretofore sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of May, in the year nineteen hundred and fifty-five and between the first and tenth day of May of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of June following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of July, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and fifty-five, the said treasurer shall in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be
